

Stepping into Tomorrow

Vision Sunday

November 25, 2018

OPENING PRAYER:

WRESTLING WITH THE WORD: READ 2 KINGS 6:8-17

This passage is an account of Elisha, the prophet of God, asking the Lord to open the eyes of his servant so that he might see what God is doing.

- What is your first reaction to this story? Why?
- What difference does it make when the servant sees what God has hidden?
- Does God still keep certain things hidden today?
- Does this passage help you grow in your understanding of how God works?

NEXT STEPS:

- Where in your life has God shown you something that He is doing that was previously hidden?
- When have you been able to look back and see in hindsight what God was doing that you could not see at the time? Do those past events help you to see into the future?
- Do you think God still reveals what is hidden to so many people? Where in your life would you like God to show you what He's got going on that you just can't see right now?

PRAYER FOR THE WEEK:

God, teach us to trust you with everything. Help us to see with our spiritual eyes and to trust that you have things going on in the spiritual realm that we are presently unaware of. Grow our faith in you and help us in our unbelief. In Jesus name, the One who brings all things to our eyes, we pray. Amen.
